

*When Jesus heard this he said, "Those who are healthy don't need a physician, but those who are sick do." Matt 9:12 - A reminder of our call to the people of Albania. Thank you for going to the world with us with the Good News.*

We are spending a week in training with Global Partners, and really enjoying being with others who are called to the Great Commission ministries around the world.

### ***Hands and Feet***

We are an extension of you through Christ in helping reach the nations for Christ. Let us know how we can better connect with you and share this experience with you.

## **English Camp**

### **Pray as camp begins this week**

This next week over 50 teens and young adults will be attending an English camp we have hosted with a short-term team from the States for the last 3 years.

We praise God as we have seen much fruit from this ministry and look forward to further followers of Christ raised up during this time. It is so hard for the Bishop family not to be involved as we are stateside. It has been a huge part of our ministry over this last term.

- Pray for new campers to come and learn about Christ
- Pray protection for the team and leaders
- Pray for continued discipleship after the camp is over, that their journey with the Lord will continue.a

## Practical ways You can help

While in the States we have met so many supportive partners in ministry who have asked the question, "What do you need?". We always answer this with "prayer" as this is the work that is most important. However, we have realized people are asking for other practical ways to support the ministry in Albania, so we have decided to list a few of those needs.

- **Prayer!**
- **Day-Center for children of widows:** This ministry has impacted so many children and families empowering women to hold jobs and care for their families. This project is in continual need of funding. Project# WM06-1295.
- **Bible Studies:** We are looking for old Beth Moore or similar **DVD** bible study series to keep us fresh. Check at your church also. Contact us if you have something available.
- **College-Church Scholarships:** Having two children now in college is a challenge. Both schools offer matching scholarships to churches who give to their education.
- **Need gifts with a purpose?** The Anti-trafficking employment project is blessed to have Eternal Threads (a non-profit organization) marketing for us. Four new products will soon be released.
- **Spread the news:** Talk to others about what God is doing in Albania and have them join our prayer team. We need all the prayer we can get. Sign up here.
- **Take a step of faith:** Fast from coffee, fast food or something creative just once (or twice) a week and pray. Seriously consider using your once a week fast as a means to become a monthly financial supporter.
- **Donate a day:** Have a yard sale once (or twice) a year, have prayer cards available and use the proceeds to become an annual financial supporter.
- **Send a note:** Special encouragement or prayer comes through handwritten notes to Albania, or to Eva or Josh in college.

### *Kids Korner*

*Eva: Glad to be with my family this summer. Doing some painting.*

*Joshua: Getting registered for classes at IWU and getting excited about college.*

*Stephen: Last summer having my siblings, might not be too bad!*
